Scores must be entered online on the league's website at www.huahinpool.org by one of the captains of the participating teams. You can save the progress of the match continuously during the match, or enter all information after the match. It is the responsibility of the winning team's captain to enter all his/her team's player names, and that scores of the games are entered. It is the responsibility of the losing team's captain to check scores and names, and enter all his/her team's player names. This must be done immediately after the match has finished. If this is not possible, send a picture of the scoresheet by "Line" message to one of the league committee members.
